

Esmaspäeval, 23. septembril 2019 toimub
auditooriumis SOC-312 ingliskeelne seminar

Effective Researching with IEEE Xplore

*Sihtgrupp: doktorandid jt andmebaasi IEEE Xplore kasutamisest ja
IEEE väljaannetes publitseerimisest huvitatud teadlased ja üliõpilased*

SEMINARI KAVA

- **15:00–15:45 Effective Researching with IEEE Xplore** (45 min)
Search like a professional with this overview of best practices for maximising features of the platform, covering advanced search techniques, setting up alerts, downloading equations, finding patent citations, and much more
- **16:00–17:00 How to get published with IEEE** (60 min)
Increase the visibility of your research and build author credibility by publishing in a leading title. Learn how to identify the best journal or conference for your work and navigate the paper submission and peer review process. Review the required elements and proper structure of a manuscript to avoid reasons why papers may be rejected.

Seminari viib läbi
IEEE esindaja Eszter Lukacs.

Registreeru: TalTech raamatukogu kodulehel Eventbrite platvormil.
